Summary

- The Vision and Mission of the College enable the quality of education and service to humanity and also provide holistic approach of healthcare for the society.
- The Oxford Dental College and Hospital was established in 1992 under the aegis of the children's education society by the founder, late Shri. S. Narasa Raju Garu.
- The present Chairman is Shri. Ramesh Raju Garu. He is a great philanthropist and an active social worker who has made immense contribution in the field of education. Under his guidance, our college has successfully evolved into a holistic learning eco system for students.
- Few are the below achievements of students, faculties, college and management which led to institutional excellence
- He is a man of many awards. He was honored with "Model Employer" award by the Union Minister of State for Labour & Employment. He was also Honored with "The Guardians of Education" award by The Hindu Group in The Doyens-Guardians of Knowledge.
- The College campus is located in Bommanahalli, Bangalore. The College is set in a serene environment with lush greenery and fresh air. The college enjoys the rare distinction of being one of the most sought after and best equipped dental college in India and Asia. It is housed in spacious 8- storey integrated complex with a floor space of 2,85,000 sq.ft which incorporates complete facilities for preclinical and clinical training. It is the hub of technological advances of modern-day India, which also has a terminal to Metro, facilitating an easy access to the college by the patients, staff and students.
- The College is known for its quality Initiatives and is awarded with "A" grade by National Assessment & Accreditation Council in the year 2012.
- The College has been recognized for management of its quality standards and is awarded with ISO 9001:2015 in the year 2020.
- With regard to the admissions, initially the Oxford Dental College had an intake of 40 students in BDS later it increased to 100 students every year.
- MDS course was introduced in the year 2003 with 38 seats, later it increased to 60 seats per year.
- The course has constantly been strengthened by increasing the intake from time to time which reflects one aspect of the excellence, achievement, progress and development of the college. The College also offers - PHD programs.
- Library is provided with 6747 books, reference books - 2751, bound volume - 2387, back volume - 1764, text books - 62, general books - 185, WHO books - 440, and MDS dissertation books - 535, and audio-visual cassette of 12 in number.
- The library is also equipped with 23 international journals, 13 Indian journals and 26 E -journals. They also provide magazines like Times of India, Deccan Herald, Bangalore Mirror, Praja Vani, and Sport star. In total the library has 62,64,320 books- 15846

Three emerging streams in dental education

Forensic odontology, which is currently taught under our oral pathology course, will get more focus. It allows doctors to play a vital role in criminal investigations. Smile design has been a growing field for a while now but with the introduction of new technology, digitalised smile design is fast becoming popular as a specialisation. Public health dentistry is in its nascent stages right now but it will be huge soon.

Fusion of
conventional and
online learning
requires a careful
technology
selection and a
proactive approach
in teaching-learning.
Regular classes and
placement training
for the third- and
fourth-year students
are done online and
we will complete
the odd semester
successfully in
November 2021 and
the even semester
in June 2022.

Annual Report

Avery good morning to all of you,

Respected Chairman of The Oxford group of educational institutions, Sri S.N V. L Narasimharajugaru, Campus Director Dr. Amarnath, Dean and Director of the Oxford Dental College, Dr. A R Pradeep, heads of departments, faculty, dear parents, and post graduate students it is a privilege to address the 18th batch of post graduate students admitted to the first year MDS COURSE 2020-21.

At the outset, I would like to congratulate each one of you for having secured a MDS set and welcome you.

Today is an auspicious day to begin your journey at The Oxford Dental College - a premier institution for dental education in the country.

Our institution has grown by leaps and bounds (enormously) due to the relentless efforts of the management in providing excellent infrastructure, and state of the art (upgrading with) technology from time to time. Today, the college is ranked no 29 in the list of the top dental colleges in the country.

In one latest ranking of pvt college in India – it stands 13

In India today,

Our college also stands tall with a 3.66 accreditation by NAAC.

Being a center of excellence for dental education and oral health care, evidence-based teaching and learning, clinical training, community service and research are the core of our postgraduate program. The management is committed in providing students with the latest technology. Recently, state of the art fully equipped new dental chairs in post graduate section and new workstations in the pre-clinical laboratory have been installed.

As post graduate students of different specialties, you will over the next 3 year go through a well-planned, structured academic program that includes seminars, journal club, and case presentations and discussions. There will be periodic assessment using structured evaluation.

The PG program includes a pre - clinical phase, followed by clinical work, community service, and research. As per the requirements of RGUHS, you will have to submit a synopsis of your dissertation at the end of 6 months. Also, at the end of the first year, you will have to write a university exam – paper on basic sciences with relevance to your specialty.

CHILDREN'S EDUCATION SOCIETY (Regd.)

Website: www.theoxford.edu

Recognizing the end for Continuing Professional Development, the college conducts several continuing dental education programs, where you will an opportunity to learn from clinical experts in the field. Focus will also be given to improve your communication skills and interpersonal relations.

It is mandatory for you to attend post graduate conventions and specialty conferences where you will enrich your knowledge and update with recent concepts and techniques. It is also an excellent platform for you to make presentations and participate in the scientific deliberations.

Training of high standards from well qualified and experienced faculty members will help you obtain clinical proficiency. In fact, our college prides itself in the clinical material which also reflects the strength of our hospital.

The college provides dental treatment at very nominal charges to a broad spectrum of patients that visit and enjoy the clinical facilities not only from in and around our premises, but also from places such as Hosur. Our location also attracts many patients from the IT and industrial sector. A total of 1,55,049 patients were treated in the last year.

At the community level, the satellite clinics of the college continued to provide high quality, affordable oral health care to a total of 15,776 patients, across Bangalore, including inmates of the central jail.

Every year around 2000 school children is examined and treated under “The School Dental Health program.” The team from department of Pedodontics visited special integrated schools and delivered dental care to children with special health needs.

Due to the commitment of our chairman, our college has established a dental clinic at the Jayadeva Institute of Cardiovascular Sciences. As post graduate students you will be posted there to obtain a hands-on experience.

Retinovascular Sciences. As post graduate students you will be posted there to obtain a hands-on experience.

To meet the needs of its patients, and to make the post graduate activities more vibrant, the college also conducts high intensity programs and modules on implantology, esthetic dentistry, TMJ disorder management to take our students to the forefront of their field. Student exchange programs are also encouraged.

Our college provides a stimulating and challenging environment, to develop clinical, scientific, and patient skills that you need to stand out as a complete professional.

To bear testimony to this is the innumerable prizes won by our post graduate students for scientific presentations at various conferences, university ranks that our

Website: www.theoxford.edu

MDS students have secured in the different specialties, right from the very first batch, and the global presence of our alumni.

In the MDS examination results of June 2019, 6 post graduate students secured university ranks. The dept. of prosthodontics got 3 ranks, Dr. Swathi Jain stood 6th, Dr. Prapti Praveen got the 8th rank and Dr. Sulagna Chakroborthy secured the 10th rank.

There were 2 ranks in dept. of periodontics: Dr. Eliz Mariam Sam got the 6th rank and Dr. Sreedevi MS Stood 8th.

Dr. Trisha Sarkar and Dr. Sridevi Ms. (Dr. Savra) from periodontics won prizes at ISP conference.

Dr. Harshini Got the 4th rank in the specialty of Oral Pathology and was also awarded the best paper at the national conference.

Dr. Aepita, Dr. binika and Dr. Srijana from dept of Oral Medicine won 4 best paper awards at their conference.

Dr. Anupama from Dept. of Pedodontics won the best paper award at the ISPPD conference, PG students from Dept. of Public Health dentistry won 7 best paper awards and Dr. Mumin and Dr. Shilpi won 2 research grants from their national society.

Student exchange program conducted by Dept. of Conservative dentistry and Endodontics, gave an opportunity for sharing of ideas, and learning new techniques and materials.

Presently, Covid-19 is dominating healthcare. But Dentistry is no stranger to infection control and treating patients with infectious diseases. Dentistry has overcome earlier pandemics and the HIV/AIDS crisis, and we adapted, and it helped us create new technologies and strengthened how we approached infection control.

This period of COVID -19 isolation, is an opportunity to build and retain the theoretical and clinical and clinical dental expertise through many educational instruments, using online pedagogical software tools, live or streamed videos, tele dentistry and virtual meeting and clinical trials with flexible approach to solutions. It could be called “Blended learning” Part6 of clinical training activities will be carried out through presentation of case reports, reading and critical review of scientific articles, interactive learning tutorials based on clinical cases and update training in cross-infection, control.

The new way of working with additional PPE, social distancing, and other protective measures, and at the same time following government guidance on health and safety will be key priority.

Have a positive attitude and remember that this phase will eventually pass.

Success can be achieved only through hard work, determination, perseverance, commitment, and involvement.

To begin with, it is essential for you to be punctual and regular there is no vacation given for post graduate students. Only after you complete your assignments and work in the given time, your head of department may permit you to take a short break.

It also requires a lot of personal endurance. Your mental health is just as important as your physical health. Work hard, stay focused, and keep the faith.

I am sure that you will strive to reach great height of recognition and do your parents, teachers & institution proud. Together we can make an impact on the oral health profession and our diverse community

All the very best.
